

SECOND INTERNATIONAL NANOTECHNOLOGY CONFERENCE ON COMMUNICATIONS AND COOPERATION

Speaker's Biography

Ayumu Tsujimura, Matsushita Electric Industrial Co., Ltd.

Ayumu Tsujimura received B. Eng. and M. Eng. degrees in industrial chemistry from Kyoto University in 1987 and 1989, respectively. He joined Central Research Laboratories, Matsushita Electric Industrial Co., Ltd. in 1989. He was engaged in the research and development on ZnSe-based and GaN-based semiconductor laser diodes from 1991 to 2001. In 2002, he was engaged in the planning of R&D strategy in Advanced Technology Research Laboratories and started to conduct the Leading Project of Ministry of Education, Culture, Sports and Technology (MEXT) concerning 'Bio Nano Process'. He has been a manager of this research team since 2005. His research interest includes the fusion of biotechnology, nanotechnology and semiconductor technology.

He is a member of the Japan Society of Applied Physics.
